Retriever City™

Dog Waste Bin

The Retriever City dog waste bin combines a sack dispenser and waste disposal system in a single unit for use in parks and visitor attractions.

Technical Features

- Integral dispenser allows only one sack to be taken at a time.
- Secure, vandal-resistant locking mechanism.
- Extremely robust body and door.
- Clear graphics encourage correct use.
- Secure, vandal resistant locking mechanism.
- Design of the door opening provides easy access for removal and replacement of sacks.
- Space-saving, narrow footprint.
- Colours

Black (contains recycled material), Anthracite Grey, Red, Deep Green.
