

Focus on **RECYCLED SEATING** for

Dudley Metropolitan Borough Council

Problem Identified

Dudley Metropolitan Borough Council contacted Glasdon after deciding to renew their current seating, which consisted of wooden and metal benches. The wooden benches had suffered badly from vandalism over the years and required constant maintenance. Although the metal benches were vandal-resistant, they were also uncomfortable and cold.

Solution

Dudley Metropolitan Borough Council required a bench that required minimal maintenance; would be comfortable; would last; and they also wanted something that would be environmentally-friendly. The Nouveau and Phoenix range of seating was chosen with the option of recycled plastic Enviropol slats to meet all the requirements of the Council.

Resulting Benefits

MINIMUM MAINTENANCE

Enviropol material never needs painting or surface treatment.

WEATHER-RESISTANT

Enviropol material will not chip, rust or rot.

ENVIRONMENTALLY FRIENDLY

Enviropol material is manufactured from recycled plastics.

WOOD-LIKE APPEARANCE

Enviropol has a wood-like appearance, yet is knot and splinter-free.

COMFORTABLE AND DURABLE

The seats are designed to provide user-comfort and to withstand the rigours of everyday use.

ROBUST DESIGN

Enviropol seating is vandal-resistant and long-lasting.
