ORION™ STORAGE UNITS

A robust, low maintenance unit designed to help increase retail sales and profit. The large display area allows easy access to goods and encourages customers to buy. Commonly displayed products like screen wash and rock salt can be extremely damaging to metal display units - Orion is impervious, and can be easily wiped clean. Orion is available with or without a shutter cover. For 24-hour sites; the aluminium shutter with Vandalex® Coating is ideal for providing extra security in areas where there is a high risk of vandalism.
