

Waddington™ Picnic Table

Waddington™ Picnic Table

Product Description

The Waddington™ Picnic Table features a distinctive triangular design that comfortably seats up to six people. Generous spacing between the seats provides wheelchair accessibility, making the table suitable for inclusive outdoor environments.

Constructed around a robust Enviropol™ framework, the Waddington Picnic Table is available with a choice of Enviropol or Timberpol™ table tops and seats. Both material options provide a natural wood-effect appearance while offering excellent durability, weather resistance and low maintenance.

Enviropol contains 98% recycled material, while Timberpol is manufactured from 95% recycled material, providing environmentally responsible material options without compromising performance.

A built-in parasol hole is included as standard, and a personalised memorial plaque can be added as an optional extra.

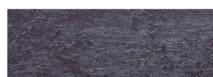

Waddington™ Picnic Table

Waddington™ Picnic Table

Specifications

Frame Material	Enviropol™
Slat Material	Enviropol or Timberpol™
Length	1900mm
Depth	1638mm
Seat Height	450mm
Overall Height	764mm
Weight	Enviropol Model: 120kg (131kg on pallet)
	Timberpol Model: 132kg (143kg on pallet)

Optional Extra

- Memorial plaque (polycarbonate or stainless steel).

Delivery

- Supplied as a part-assembled flat-pack kit for customer assembly, pallet-wrapped in 30% recycled plastic shrink wrap.
- Pallet truck required for unloading.

Installation

- Waddington picnic table is designed for surface fixing onto a sound concrete foundation using self-tapping masonry anchor bolts. The concrete foundation should allow fixing holes to be positioned at least 100mm from any edge.
- Installation onto tarmac or block paving should be supported by a concrete base.
- If fixing to flagstones, a minimum thickness of 50mm is required. Tamper-resistant armour rings are recommended for additional security.
