Turbocast 400™

Grit/Salt Spreader

Turbocast 400 is a high-performance broadcast salt spreader. Its robust, lightweight design features 6 spread settings for fast and economical spreading of damp, wet and dry grit salt.

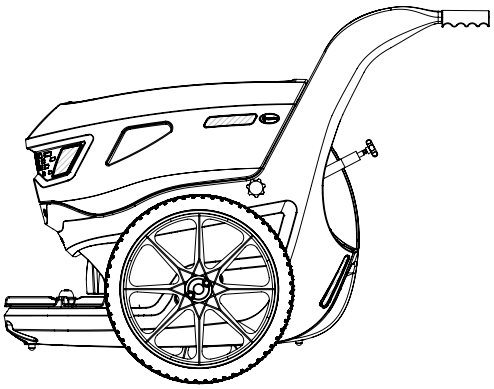

Technical Features

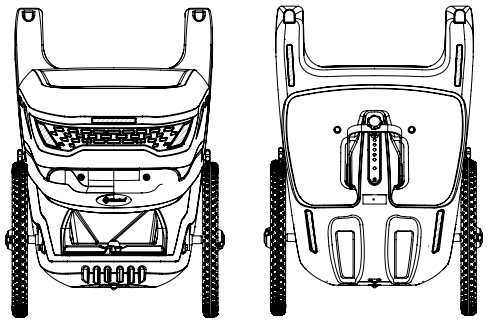

- 50-litre Durapol® hopper.
- 3–7m grit spread width.
- 6 grit spreading settings: 10 to 41gms/m^2.
- Agitation mechanism efficiently spreads wet and dry rock salt.
- Continuous high-strength belt drive.
- Hopper can be lifted off easily for maintenance access.
- Ergonomically shaped, rubber wheelbarrow handles.
- Slim design fits through doorways.
- Solid tyres mount kerbs without risk of puncture.
- Reflective panels for greater operating visibility.
- Polypropylene spinning plate.
- CE and UKCA marked, complying with Machinery Directive 2006/42/EC.
- Colours
  Upper Housing: Yellow
  Lower Housing: Black

Specifications

Height to top of hopper	744mm
Height to top of handles	997mm
Width	704mm
Length	1283mm
Capacity	50 litres
Unladen weight	32kg
Laden weight	Wet brown rock salt: 95kg
	White Icemelt™: 82kg
Payload	Wet brown rock salt: 63kg
	White Icemelt: 50kg (2 × 25kg bags)
Spread width	3–7m
Hopper & chassis material	Durapol® (Contains recycled material)
Spinner plate material	Polypropylene
Agitation mechanism material	Stainless Steel and Nylon
Fixings Material	Stainless Steel
Tyre material	Solid PU foam-filled rubber
Wheel rim material	ABS

APPROXIMATE SPREADING FIGURES				
Material	Payload (kg)	Rate (g/m^2)	Distance (m)	Area (m^2)
Wet Brown Rock Salt (Settings 3–6)	63	13–40	1,615–525	4,846–1,575
White Icemelt (Settings 1–4)	50	10–41	1,667–406	5,000–1,220

Figures are based on an average spread width of 3m (medium walking pace) with the hopper filled level to the top. Figures are for guidance only and will vary with the hygroscopic nature of gritting materials.

Optional Extras

Turbocast 400 Servicing Package

Includes collection of your Turbocast, a comprehensive service at our premises including inspection, cleaning and maintenance checks, and delivery back to you with your gritter returned in excellent working order.

Please note that this Servicing Package is not available in Northern Ireland.

Icemelt™ compound

The recommended spreading material
